Introduction

It is a requirement of Baseball Queensland Inc. that you use only approved scorebooks and line-up pads. These can be purchased from the Queensland Baseball Scorers committee members.

This manual has been compiled to give both the experienced and the new Scorer a basic guide from which to operate. It is hoped that this will assist in bringing about uniformity in scoring. It is strongly recommended that importance be placed on attentive observation of all plays during the game.

As new Scorers become more involved in scoring, you come to realise just how important it is to keep accurate records of all games. The Coach, the players, the spectators – everyone wants to know what happened. It is hoped the following is helpful and trust you enjoy learning. Who knows, maybe in time, wouldn't it be nice to become accredited and say to those around you "Hey, I've got my accreditation, have you?"

Remember, scoring is **FUN**, especially if you learn to do it right!!!

To Start

A scorebook is made up of squares which represent a plate appearance. The square is split into five sections, the round section being where we record runs scored and outs made. Each of the other sections represents a base, starting in the bottom right hand corner. This square represents 1st base, going anti-clockwise to 2nd base, 3rd base and home plate in the bottom left hand corner. All plays must be recorded in the squares relating to the base where the play was made.

Along the bottom of the square we have a section where balls, strikes and fouls are recorded. These are important when we come to do pitching figures at the end of every innings.

Each player receives a player positional number.

Position	Number
Pitcher	1
Catcher	2
First Base	3
Second Base	4
Third Base	5
Short Stop	6
Left Field	7
Centre Field	8
Right Field	9

Line-Up Sheets

Line-up sheets should be completed at least 15 minutes prior to the scheduled commencement time of the game, usually by the Coach / Manager. Encourage your Coach / Manager to write the player's name on the line-up sheet the way they have been registered by the Club. Nicknames are not recommended. Remember, the opposition's Scorer may not know your Club's players' names.

This line-up is written onto the score sheet and onto an Official Game Card. Check with your Region for the current Official Game Card for the scheduled game. Do not write bench players' names on the Game Card until they enter the game. Check GBL/Region/local rules for the number of players who can bat in a team.

The Score Sheet

HEADINGS:

Ensure all headings are recorded onto the score sheet, i.e. away team, venue, date, game time (actual time when the Umpire calls "Play Ball"), both Scorer's names, plate and base Umpire's names

LINE-UP:

Always print line-up with the player's surname first, then given name (NO nicknames or initials), on the second (**bold**) line down in the batting order section of the score book.

Position Changes (BIRO)

When a fielding change is made it is recorded in the columns headed "Pos" and "Ch" (change). Also note the fielding change in the opposition's batting by placing a biro line / at the top of the inning and an * against the runners on base to show where the change occurred.

When a batting change is made it is recorded on the line above the original batter in the batting order, also noting in the "Ch" column the inning the change occurred. Do not cross out the original batter's name. The player's surname is also written down the side of the scoring box that corresponds to that batter to indicate his first plate appearance.

Pitching Changes (BIRO and HIGHLIGHTER)

Write the new pitcher's name onto the top of the scoring box here he enters the game, on his team's score sheet above the player he is replacing and also in the pitching stats box at the bottom of the page. Rule off with highlighter down the side of the score boxes to divide the last pitcher's stats from the new.

Ruling Off an Innings (ORANGE)

An innings is ruled off by drawing a line diagonally across the box under the last box scored in and across the top of the next box in the following inning.

Extensions (PENCIL)

Just under the inning numbers are three lines headed "A", "PO" and "E". Record the assists, put outs and errors for each inning in this area.

Scoring the Game

Each team is to supply a Scorer. Whether a safe hit or an error is scored is left to the Scorer's judgement. They should confer with each other and agree on the outcome. One important thing to remember is that when you leave the scoring area at the end of the game, ALL score books must be identical. Score books are not to be altered by anyone!

Balls and Strikes (PENCIL) – Definitions of Terms

Each pitch is marked as follows and if you are scoring a junior game, each pitch is counted, including a BALK, if that pitch is delivered to the plate. It is recorded as a blue dot in the pitch count. It is therefore possible to have more than four balls on one batter. Balks are not counted in the pitch count for seniors.

- . Ball
- C Called Strike
- S Swinging Strike
- F Foul Ball

Safe Hits (GREEN) – Rule 9.05

A safe hit is scored by recording the safe hit symbol plus the positional number of the fielder who picked up the ball.

Fielder's Choice (PENCIL) – Definitions of Terms, Rule 9.06

When a fielder chooses to play the advanced runner and not first base, the batter gains 1st base on a fielder's choice. This symbol is also used to advance a runner extra bases on a hit when he takes a base on the throw to a preceding runner.

Errors (RED) – Rule 9.12

An error shall be charged for each misplay (fumble, muffed catch or wild throw) which prolongs the time at bat of a batter, which prolongs the life of a runner, or which permits the runner to advance further than he would have if there had been no misplay.

Slow handling of the ball which does not involve mechanical misplay shall not be construed as an error. If in the Scorer's judgement the fielder could have handled the ball with ordinary effort, an error shall be charged. Mental mistakes or misjudgements are not to be scored as errors, unless specifically covered by the rules.

Plays Involving the Battery (MIXED COLOURS) – Rules 9.13, 9.14, 9.15

The battery consists of the Pitcher and the Catcher. Most plays involving the battery are scored in BLUE.

Sacrifices (BLUE) – Rule 9.08

There are two types of Sacrifices, i.e. the batter gives up his time at bat to advance a runner.

1. Sacrifice Bunt: When there are less than two out, the object is to advance preceding runners. If the batter reaches first safely on an error it is still scored as a sacrifice. If the batter and all runners advance safely and no error occurs, the batter receives a safe hit. If a play is made on a preceding runner and no out is made, the batter is still credited with a sacrifice if the Scorer feels the batter would have been out at first. No sacrifice bunt is scored if a preceding runner is put out; score as a fielder's choice.
2. Sacrifice Fly: When there are less than two out, a sacrifice fly is scored when a fly ball is caught by a fielder and a runner, after tagging up, scores a run from third base. If the catch is muffed by a fielder and if, in the Scorer's judgement the runner would have scored after the catch, the sacrifice fly is still credited to the batter.

Runs Batted In (PENCIL) – Rule 9.04

Credit the batter with a run batted in for every run which scores because of the batter's effective batting. Credit the batter with a run batted in for a home run.

Earned Runs (GREEN) and Runs Allowed [Unearned] (RED) – Rule 9.16

An earned run is a run for which the pitcher is held accountable. A wild pitch is solely the pitcher's fault and contributes to an earned run, just as a base on balls or a balk or a safe hit. No run shall be earned when scored by a runner who reaches first base on an error. When pitchers are changed during an inning, the relief pitcher shall not be charged with any run (earned or unearned) scored by a runner who was on base at the time the new pitcher entered the game.

Stolen Bases and Caught Stealing (PENCIL) – Definitions of Terms, Rule 9.07

A stolen base shall be credited to a runner whenever he advances one base unaided by a hit, a put out, an error, a force out, a fielder's choice, a passed ball, a wild pitch or a balk when he starts for the next base before the pitch. If the pitch results in a wild pitch or a passed ball, still credit a stolen base unless the runner advances another base.

1. Caught Stealing: A runner will be charged with caught stealing when attempting to advance to the next base and is put out by errorless play by any fielder.
2. Pick Off: A runner will be charged with a pick off when caught off base by the pitcher or catcher.

Put Outs (PENCIL) – Rule 9.09

A put out shall be credited to each fielder who:

1. Catches a fly ball, whether fair or foul,
2. Catches a thrown ball which puts out a batter or runner,
3. Tags a runner while the runner is off the base to which he is legally entitled.

Assists (PENCIL) – Rule 9.10

An assist shall be credited to each fielder who throws or deflects a batted or thrown ball in such a way that a put out results, or would have resulted except for a subsequent error by any fielder. Only one assist and no more shall be credited to each fielder who throws or deflects a ball in a run down play which results in a put out or would have resulted in a put out except for a subsequent error.

NOTE: Mere ineffective contact with a ball shall not be considered an assist. "Deflect" shall mean to slow down or change the direction of the ball and thereby effectively assist in putting out a batter or runner.

Double and Triple Plays (ORANGE) – Rule 9.11

In a double play a "diamond" is drawn around the player who hit into the double play and the other runner who was put out. If another runner scores do not award an RBI (Rule 9.04) but a FC.

BASIC GUIDELINES FOR SCORERS

- ❖ All teams must provide a Scorer.
- ❖ Both team Scorers must sit together behind home plate or in the score box provided.
- ❖ Learn the Umpire's signals for strikes, balls and outs.
- ❖ Have a copy of the League Rules (including rules governing completion of Official Game Cards) and Official Baseball Rules (BA).
- ❖ Before scheduled starting time (approximately 15 minutes) ask Coach / Manager for the batting line-up with fielding positions and uniform numbers if available. All bench players are to be written on the line-up sheet as well.
- ❖ Write up the score book and exchange line-ups with the opposition's Scorer.
- ❖ Scorers are officials and are covered by the Rules of Baseball (no smoking, no alcohol, no coaching, no umpiring and no barracking).
- ❖ The Umpire is in charge of the game and the only time a Scorer can tell the Umpire the count is if requested to do so by the Umpire, not the Coach / Manager. If your count differs from the Umpire, adjust your book to agree with his count.
- ❖ In junior games, the Scorer may advise the Umpire when the pitcher has 10 pitches to go.
- ❖ If the Umpire is not an Official Umpire (i.e. accredited Umpire), then the Scorers are the time keepers and must record the starting time and advise the Umpire of official finishing time if asked to do so. Start time is the actual time the Umpire calls "Play Ball".
- ❖ If a team is batting out of order the Scorer cannot advise other officials. It is up to the Coaches to pick this problem up.
- ❖ The only persons who can write on the Official Game Result Card are the Scorers, Coaches and Umpires. Under no circumstances are spectators to do so.

Remember, scoring is fun! Learn and enjoy your time in the score box.
